REBUILDING INDIA BRICK BY BRICK

Habitat for Humanity India's vision is a world where everyone has a decent place to live.

Anchored by the conviction that safe and affordable housing break barriers to a healthier, safe, more financially stable life, Habitat works with low-income, marginalized families to build homes, provides housing-related services and raises awareness for adequate housing and sanitation.

The core area of Habitat's work in India is:

- Decent Shelter
- WASH (Water, Sanitation and Hygiene)
- Disaster Risk Reduction and Response

Since its inception in 1983, Habitat for Humanity India has touched the lives of over 35 million individuals, with a long term strategic goal for 2022 to impact the lives of 51 million individuals with safe and decent homes.

As COVID-19 engulfed the world, the need for a decent shelter became even more significant.

While housing is at the heart of everything we do, Habitat India has also been sensitising and raising awareness on the importance of hygiene and sanitation through our WASH (Water, Sanitation and Hygiene) program.

In India, about 400 million workers in the informal economy were at the risk of falling deeper into poverty during this crisis, including migrant workers, commercial sex workers, daily wage earners, people living with disability, *adivasis* and other vulnerable communities.

Habitat India is serving these communities by providing them with Hygiene and Family Essential Kits, Conditional Cash Transfers, Behaviour Change Communication, and through setting up Habitat Care Centres.

Our strategy aims to place families affected by the COVID-19 induced lockdown on a path to a durable housing and housing eco-system related solutions in a phase-wise manner. In Phase I, Habitat India is providing immediate relief to vulnerable communities. In Phase II, Habitat will create a safety-net for vulnerable and marginalized families required to transition out of the COVID-19 pandemic. In Phase III, Habitat will build housing and housing eco-system related solutions for families.

Through an abundance of caution, Habitat for Humanity India is not deploying our staff on ground but is mounting our response in partnership with state governments, local government administrations or government agencies.

Dear Friend,

We are pleased and grateful to announce the partnership between Alliancef Art and Habitat for Humanity India. Alliancef Art is an ecommerce portal for the artists, buyers' communities and social causes to join together for promoting the art for sale and work for the betterment of the underprivileged section of our country

When the COVID-19 pandemic struck our nation forcing us all into the lockdown, a safe and decent home became even more important. For the last 37 years, Habitat India's vision has been to build a world where everyone has a decent place to live. While housing is at the heart of everything we do, Habitat India has been sensitising and raising awareness on the importance of hygiene and sanitation through our WASH (Water, Sanitation and Hygiene) program.

Now, as the country implements unprecedented measures amidst the global health emergency of COVID-19, we are supporting families and individuals by providing them with Hygiene and Family Essential Kits.

Amidst the lockdown, people who are affected the most are the migrant workers, commercial sex workers, daily wage earners, people living with disability, adivasi and other vulnerable communities who have no safety net to fall back on. Habitat India has supported **13, 22,871** individuals through our various interventions for the Covid Care Response. The need is immense and every helping hand needs to be deployed to support these families in this time of crisis.

We have come-up with a collection of different artwork from multiple artists with the help of our partner Alliancef Art in support of Habitat India's COVID-19 Pandemic Response. The collection will be displayed online on Alliancef Art, a platform that connects buyers and sellers from across the world.

We appeal to each and every individual – now more than ever, we need you!

Support vulnerable individuals as they struggle to survive the COVID-19 lockdown and support Habitat India through the purchase of these beautiful art work.

We hope that you will find your home improved, and also find the heart to build decent shelter for others around the country.

In Partnership,

Rajan Samuel
Managing Director

Curatorial Note

A mission to meaningfully exist in the present scenario during the pandemic, is like exploring and learning from life each day. It is not the time for bigots, sexists and racists. It's the time for ARTISTS to rise above and to create. To show humility, spread hope & love, preventing our society from destroying itself, and losing its path. For any artist – painter, sculptor the inspiration to work comes keeping aside all the preconceptions and vanities and just remain focused on the work of art that is in a state of amalgamation of ideas and emotions.

Habitat for Humanity India's vision is a world where everyone has a decent place to live. Habitat India has also been sensitizing and raising awareness on the importance of hygiene and sanitation through our WASH (Water, Sanitation and Hygiene) program. Associating with Habitat for Humanity and showcasing these artworks online is an endeavor to draw attention towards the contributions of the creative fraternity and individual artists. Artworks used as a strong medium for visual communication, where folklores, depiction of symbolic drawings convey individual expressions and derive the definitions of the "Mother Earth" and "Nature". For us human beings Earth is our first home or habitat, the awareness of the preciousness of this planet needs to be shared with the joy of expression and experiencing an intimate spiritual connect with our 'Creator'.

All the showcased artists have nurtured their love and proximity with nature by the use of natural colours and other mediums that are readily available in our environs. Each of these artists has remained loyal to their Traditional styles & Contemporary signatures. Be it the artworks encompassing its aesthetics along with minute detailing or the peaceful soul searching view of the Banaras Ghats on the banks of the river Ganges in Uttar Pradesh, India or the scenic boat rides in Venice, Italy. Architectural representation denotes the symphony of varied habitations in the natural world, where Gods own creation strives to coexist in harmony. Henceforth, the online visitors are drawn to the avid selective styles, choice of mediums and vivacious colour palette. Artworks coined as impressionistic works, naturalistic works symbolize emotions of how the modern life necessities are preferred, and urbanization has reached the habitations of our birds and animals, disturbing the ecological balance. The fiber glass sculptures add a 3D persona to the entire exhibition. Nearly all the contributing artists hold accolades at National level and the other artists have been part of various art auctions, not forgetting to mention that their works have been showcased at prominent landmarks such as metro stations, museums etc. in the country.

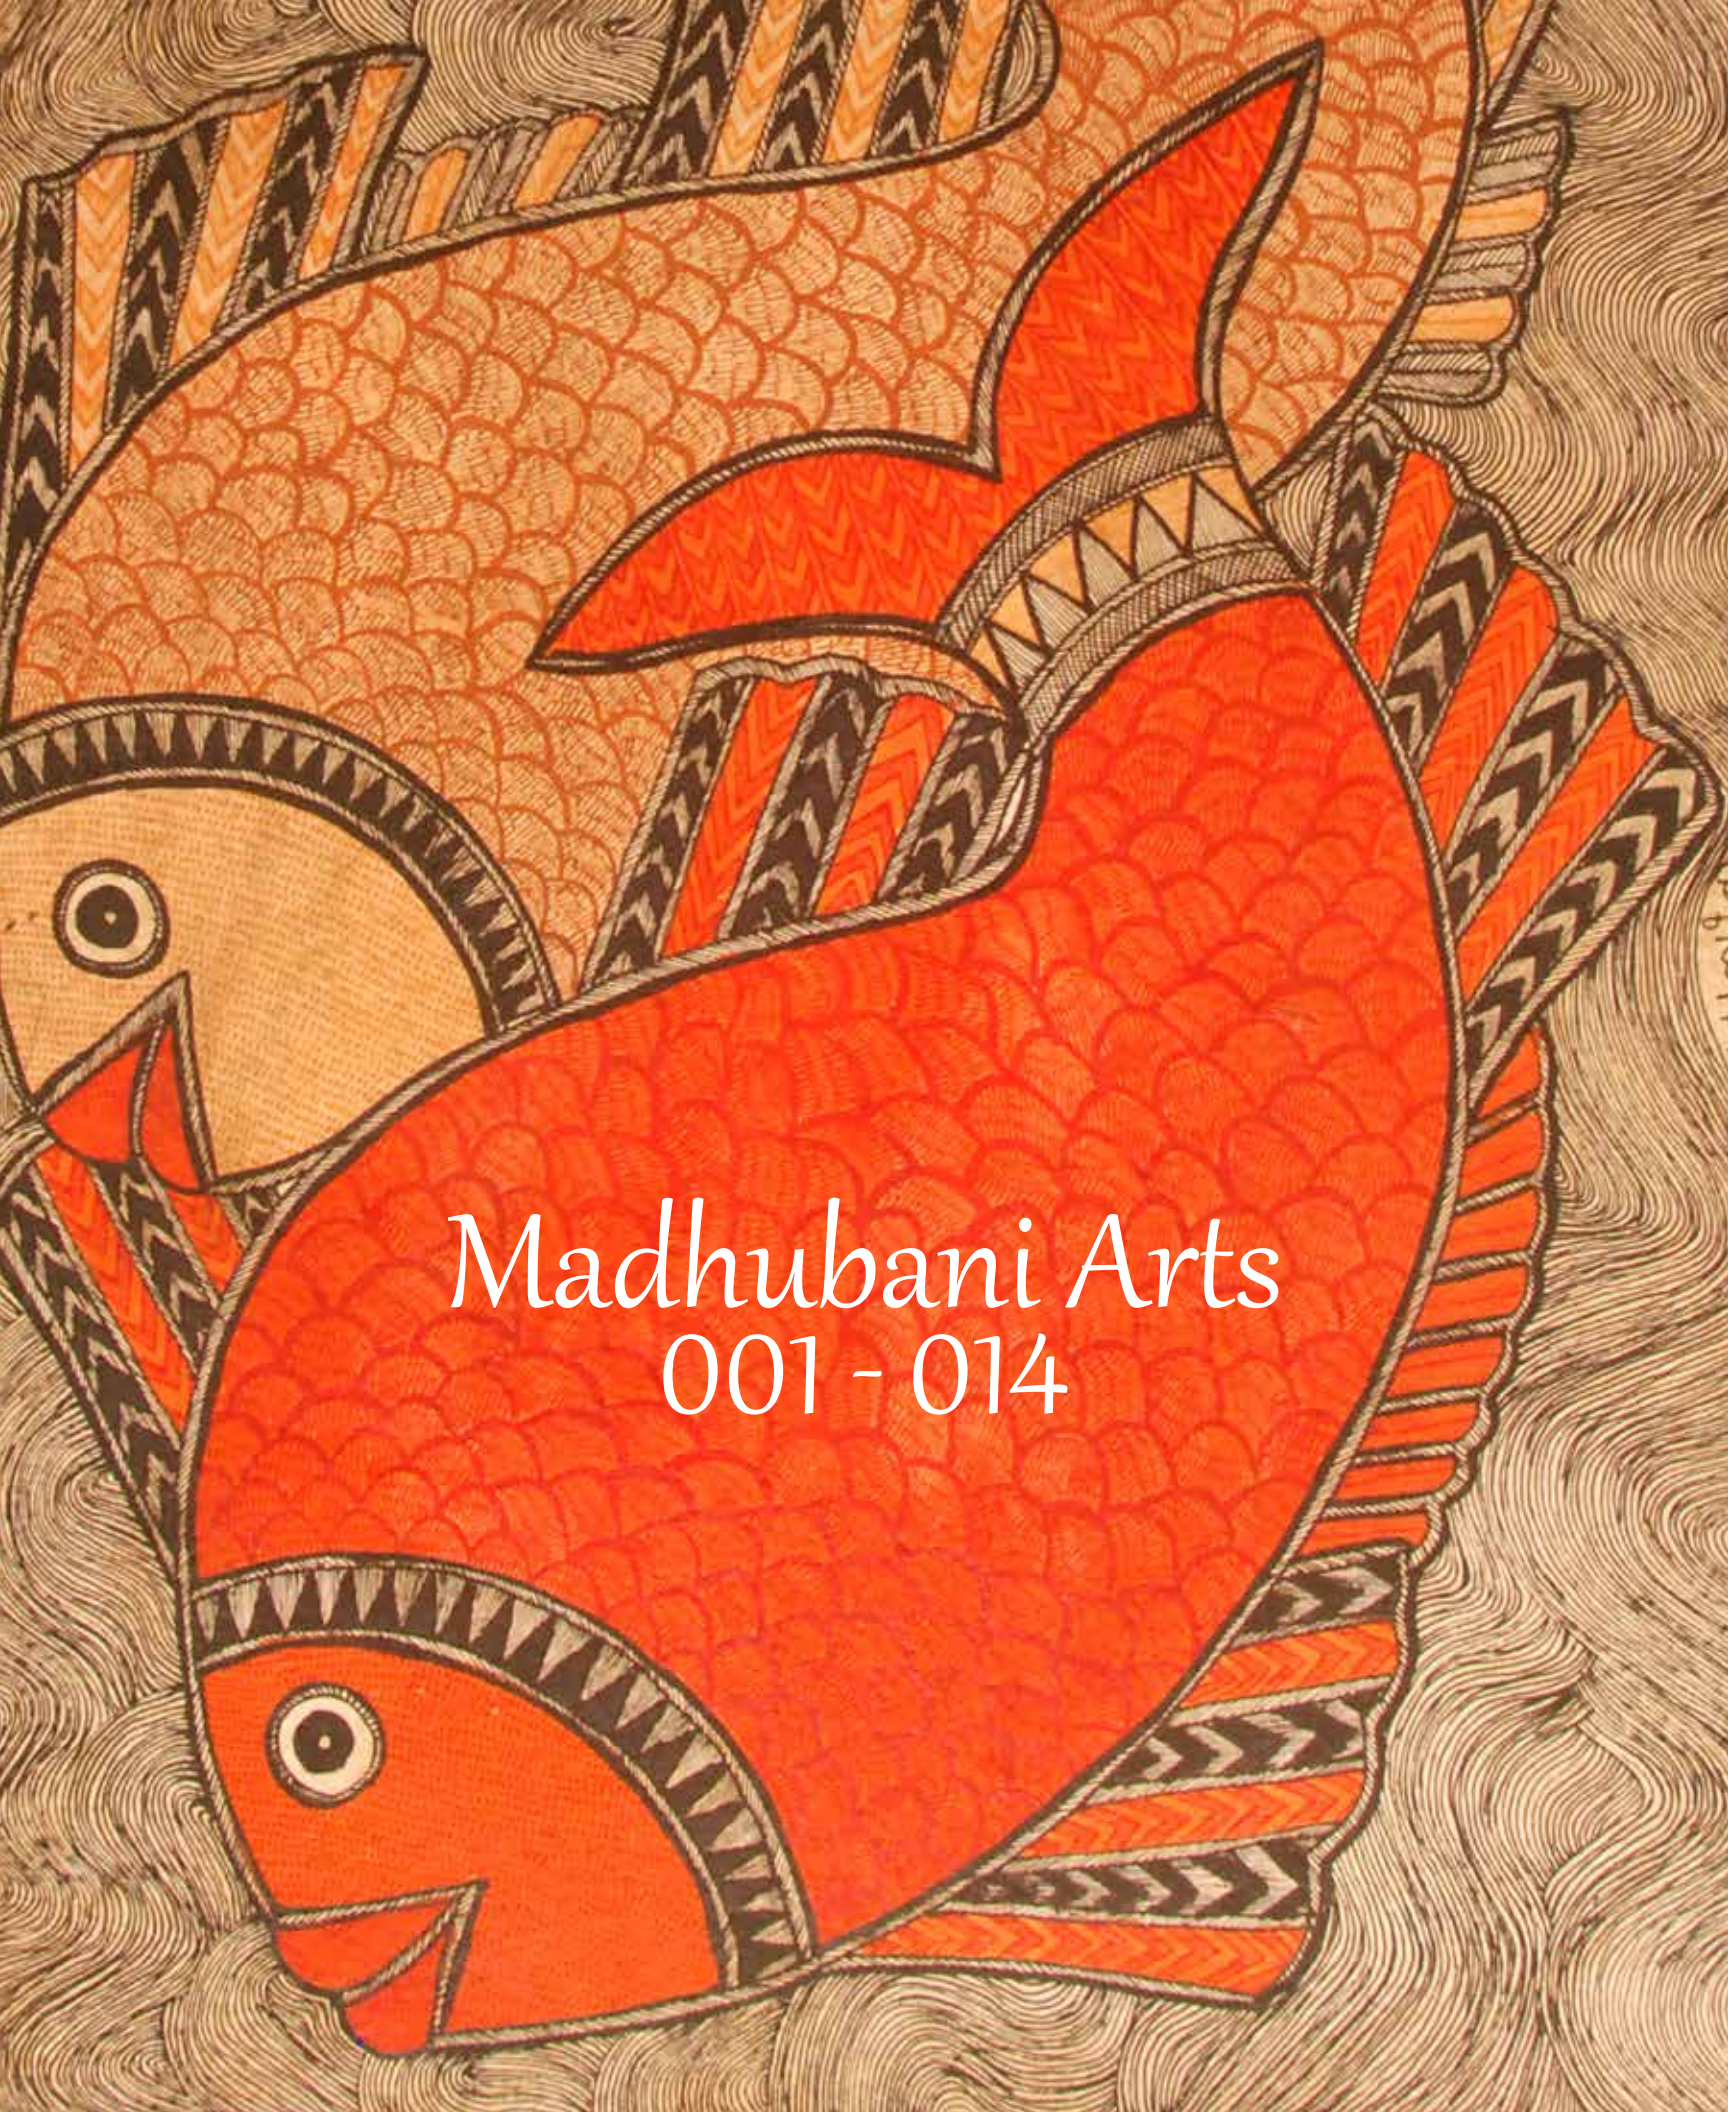

We are indeed pleased to present these artists (in alphabetical order)- Ajay Bhowmik, Amrish Dey, Anita Shyam, Anita Kumari, Anando Chitrakar, Anita Balu Mhase, Awtans, Bheem Malhotra, Bikash Mahapatra, Bishwajit Das, Chandra Devi, Dhawat, Gopi Nath Basu, Jyoti Uikey, K. Bala Murli, Manas Das, Prasanth AV, Pankaj Uraveti, Pradyuman Mahapatra, Rajeshwar Kumar, Ranjit Jha, Ranjit Sarkar, Rashmikiran Mahapatra, S.K. Pandita, Sanjib Singhla, Shivan Paswan, Sunil Shyam Moti, Sudip Ranjan Rawat, Suresh Kumar Dhurve, Sudhir Dev and Urmila Devi. Sincere thanks to Gallery Ruki, Ashok Baldodia, Shuvendhu Sarkar and Private Collector Mr. S Bhandari for the showcased artworks for this noble cause towards charity for Habitat for Humanity India and the online platform provided by Alliancecf.
